The County Commissioners and Treasurer shall furnish the Auditors all the aid and information required by them in the performance of their duties.

The County Convention shall, during each biennial session of the legislature, grant county taxes for its county for two years ; but the tax for each year shall be voted separately and collected in the year for which it was voted.

The reports of the several officers named shall contain a summarized account of all their transactions which concern the county, for the current year ending as aforesaid, and the report of the Superintendent of the County Farm shall contain, in addition, a list of the paupers actually supported at the Farm, a statement of the number of weeks each was so supported ; and of the average cost per week for each pauper, with an explanation of the basis upon which such calculation was made.

The County Commissioners of each county shall publish attested copies of the proceedings of the County Conventions, with the printed reports of the county officers for the year in which such proceedings occurred.

STATE OF NEW HAMPSHIRE, ROCKINGHAM, SS.

L. L. DE ROCHEMONT,

Clerk County Commissioners.

Commissioners' Report.

In accordance with the requirements of the Public Statutes of the State of New Hampshire, the Commissioners herewith submit the report of their business transactions for Rockingham County, for the year ending December 31, 1899, together with the reports of the other County officers.

The appropriation for County expenses for 1899 was \$90,100, but an abatement of \$1,744 of the County tax of the city of Portsmouth reduced the appropriation to \$88,356. The County expenditures have not, however, exceeded this reduced appropriation, although there have been some unusual expenses during the past year.

The Exeter Court House has been quite a source of expense. There was a fault in the construction of the roof which should have been remedied before. Water had been leaking in through the roof for some time, and had spoiled the frescoing in several rooms. It required an outlay of two thousand dollars to make the building water proof and repair the damage that had been done.

The Exeter Jail was in need of repairs and painting, and this has been done at an expense of about six hundred dollars.

The Jail and Court House at Portsmouth have been painted and repairs have been made where needed. The heating system at the jail has been changed from indirect to direct, which will, we think, make a saving in coal of from one-third to one-half.

At the County Farm a coal and wood shed has been built at an expense of one thousand dollars. The work of rebuilding and enlarging the sewer plant, which was begun last year under the direction of Civil-Engineer A. W. Dudley of Brentwood, has been completed this year at a cost of eight hundred dollars, and the system is working satisfactorily at the present time.

We believe that the money used for these repairs and improvements was well spent, and that it is economy to keep the County property in as good condition as possible.

The management of the County Farm by Mr. and Mrs. Henry Bean has been entirely satisfactory to the Commissioners and we believe to the people of the County. Much has been done the past year to improve the buildings and their surroundings. Among other things the land behind the house has been cleared and graded down to the brook, and the brook dug out and cleared of rubbish through to the highway, which has greatly improved the appearance of the house lot. As the labor of the prisoners at the Farm has been employed for this work, it has been done without additional expense to the County.

In regard to the inmates of the Farm we can say that they have a comfortable home and are well cared for, and at a very reasonable expense to the County. No change has been made in the assistants at the Farm, and we are well satisfied with all.

The expense of caring for the poor off the Farm has increased somewhat, as the number requiring help has become larger. There are now over one thousand persons partially supported by Rockingham County, and the County is paying for the board and care of twenty-seven children in the New Hampshire Orphans' Home, St. Patrick's Orphanage, St. Joseph Boys' Home and the Chase Home for Children.

Very many of these poor are worthy people who deserve all they receive. Others are intemperate and lazy, and, while we should otherwise refuse help in such cases, we have to give it on account of the wives and children. Such men find it hard to get work if they try, for those who expect a full day's work will not employ them when good help is to be had. It then comes upon the County to provide food for the children and shoes and clothing that they may attend school.

The work of re-indexing the Probate Records from 1643 to 1870, which has been in progress since 1891, was completed in December. This has been a work of great importance and adds greatly

to the value of the records, as any papers required for consultation can now be very easily found. Metallic filing cases have been provided for these records and all other papers kept at the Records Building, and furnish a safe and convenient method of storing them.

The County has received this year a valuable law library of about two thousand volumes; as by the will of the Honorable Charles Levi Woodbury, his own law books and those of his father, Judge Levi Woodbury, were given to Rockingham County. We have had these books taken to the Portsmouth Court House, and Mrs. Fox and Miss Woodbury, daughters of the late Judge Levi Woodbury, have given book cases for them from the old Woodbury mansion at Portsmouth. They have also given a fine painting of their father, New Hampshire's former Governor. A portrait of ex-Gov. Plumer has also been given to the County, for the Exeter Court House, by Mrs. Emily J. Plumer, of Lexington, Mass., widow of his grandson.

The payments on Commissioners' orders are given in quarterly settlements, as required by law, and a summary of all expenses for the year is also given. Full information in regard to the financial condition of the County will be found in the report of the Treasurer.

Physicians' Report.

TO THE HONORABLE BOARD OF COMMISSIONERS FOR ROCKINGHAM
COUNTY :

We respectfully submit the following report of the medical and sanitary condition of the County Institution at Brentwood, and the vital statistics for 1899.

As heretofore, and ever must be, there has been a great deal of sickness, suffering, and a large death rate among such a mixed class of poor, aged, insane, invalid and dissipated people. There has been no epidemic or disease that could be attributed to faulty sanitation.

Almost simultaneously there occurred in May four cases of pneumonia ; one in the insane asylum, two in the alms house, and one, himself, in the Superintendent's family. One case only proved fatal. Considerable old, loose, microbe laden plaster has been replaced by new with hard finish, a great improvement. We recommend from one to three shower baths. If but one, that it be placed in the upper asylum.

The world does move, and things do change. What was proper no longer than ten years ago, in many particulars is faulty and out of date now. Hence we have recommended the construction of a modest operating room, and two or three rooms for surgical cases on the upper and unoccupied floor of the main building. We believe the methods of modern surgery demand something of this sort and that it would be a great advantage to all concerned. The personnel is nearly the same as last year. Mr. Brown looks after the farm and the exercise of those who are able to work ; Mr. Hill

supplies heat, and pure water from the ever to be remembered artesian well ; Mr. Manson acts as turnkey and ward-master on the male side ; Mr. and Mrs. Joy as diligently as ever guard and care for the insane ; Mr. Parshley supervises the baking, and acts efficiently as chief nurse and assistant superintendent.

Superintendent and Mrs. Bean, we are glad to say, still exercise over all a wise supervision, that is at once, generous, humane, and firm—a nice balance, hard to equal, harder to excel.

To Superintendent and Mrs. Bean, and to all their assistants, we are indebted for co-operation, and every assistance possible, and very many personal courtesies.

Chaplain's Report.

TO THE HONORABLE BOARD OF COMMISSIONERS OF ROCKINGHAM
COUNTY :

Gentlemen.—The following is my report as Chaplain of the County Farm from January 1, 1899, to the close of September, at which time I resigned to take charge of another field.

The numbers who attended the meetings during that time and the attention given was encouraging, and we believe good was done. We tried to hold Jesus up as the only Saviour for the lost, and called upon all to look to Him for eternal life.

The Sunday School seemed to be much enjoyed by the inmates, and I think will prove to be a great blessing. We have distributed a number of good papers, and have tried to cheer and comfort as far as possible those who needed help, all of which seemed to be appreciated. My relations with all at the farm have been of the most pleasant character during the past six and one half years that I have been Chaplain, and it was with regret that I parted with so many in whom I had taken such a deep interest. I wish to express with gratitude my appreciation of the kindness shown to me by all the officers in connection with that institution, and more especially Mr. and Mrs. Bean and family, who have been untiring in their efforts to do all they could to help carry on the work. I would also speak of Mrs. C. W. Parshley, who so acceptably took charge of the music. May the God of all grace bless and save all is the prayer of your humble servant.

J. W. HIGGINS.

I submit the following report of the business of my office for the year ending December 31, 1899.

The grand juries have returned sixty-eight indictments, embracing fourteen classes of offenses, as follows :

Aggravated assault,	4

A large number of criminal appeals from Police Courts and Justices of the Peace have been disposed of, and many prosecutions before such courts were made by me during the year, mostly having reference to violations of the prohibitory law. I have also invoked the equity power of the Supreme Court in aid of such prosecutions in many cases.

The petition of the town of Newcastle to the Supreme Court for county aid in rebuilding its highways and bridges was opposed by me, and, upon hearing, the Court decided that the town was not entitled to such aid.
